

Activity 1.14: Map my current data

Use these boxes to begin to map your current data:

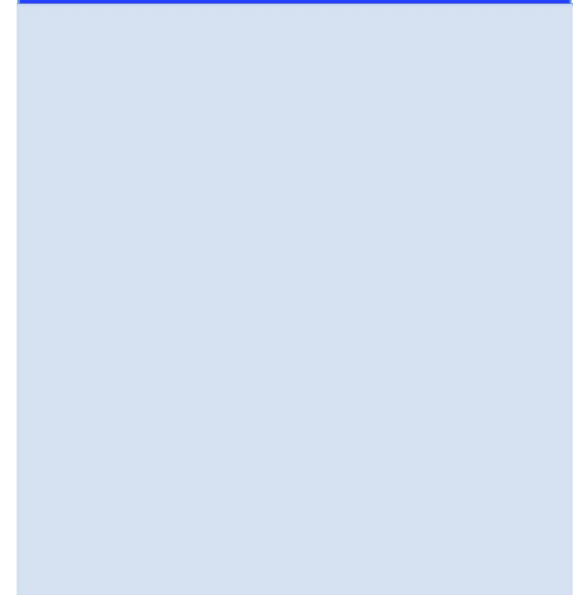

What Data do I have and use?

What Data do I have but could use more?

What Data do I not have but would like?

What does it tell me?	How easy is it to work with?	Could it tell me more?	How efficient are my processes?	Where do I find more data?	Do I need training or external expertise?
