

Step – Setting context

Answers

Lindsay and Marie Therese mention the methods below in bold for setting context. However, the other methods are also extremely useful in helping learners to understand language in context.

- **Using pictures**
- **Creating a cartoon**
- Using a film clip
- **Telling an anecdote or story**
- **Using an avatar**
- Using drawings
- **Using a short text**
- **Creating a video presentation**
- Using realia (props)
- Using the learners
