

Step – Exploiting features of a platform

Task

Watch the video which shows clips of online lessons. You'll see the platform features below being exploited. How is each one being used? Complete the table.

Answers

Platform feature	How it's used
Chat box	To display an error and elicit corrections.
Share screen	To share a table showing different word forms for the student to complete.
Tick icon	Students use it to show they've finished reading so the teacher knows when to move on.
Interactive whiteboard	To draw a picture to introduce a new word. To elicit missing words in useful phrases.
Notes	To clarify language (how to form past simple verbs).
Breakout rooms	Students do a speaking task in pairs.
