

Becoming Career Smart: How to Sell Yourself

IN THIS COURSE STUDENTS WILL:

- explain what success means to you
- identify evidence of these skills from your experience
- identify your core sellable skills.

WEEK 1: YOU AND YOUR CAREER

Getty Images

You and your career

Meet your education team and discover what sets you apart from the crowd.

Getty Images

Futureproofing your professional skills

Discover the 21st century skills that prepare you to the ever changing future.

Getty Images

Demystifying credentials

Explore new ways of representing and recognising your skills that transform your career through professional practice credentials.

Getty Images

How do you communicate?

Examine the importance of communication in your profession, reflect on the key points of the week and test your understanding so far to get ready for the next week.

WEEK 2: SUCCESS AND YOU

Getty Images

What is success?

Investigate how success is defined and how an elevator speech may bring you success.

Getty Images

The power of self-reflection

Explore the importance of self-reflection as a way of unlocking your potential.

Getty Images

What is your current skill level?

Assess where your current skill set lies based on the skills-audit framework.

Getty Images

Where to from here?

To round out the course take this opportunity to reflect and integrate some of the key points and takeaways.
