

NE712 Linking STEM curriculum learning to careers

Careers Learning Journey Examples

Computing Year 9

This Careers Learning Journey is formed of hexagons, pieced together as the student engages with employers and careers-linked activities.

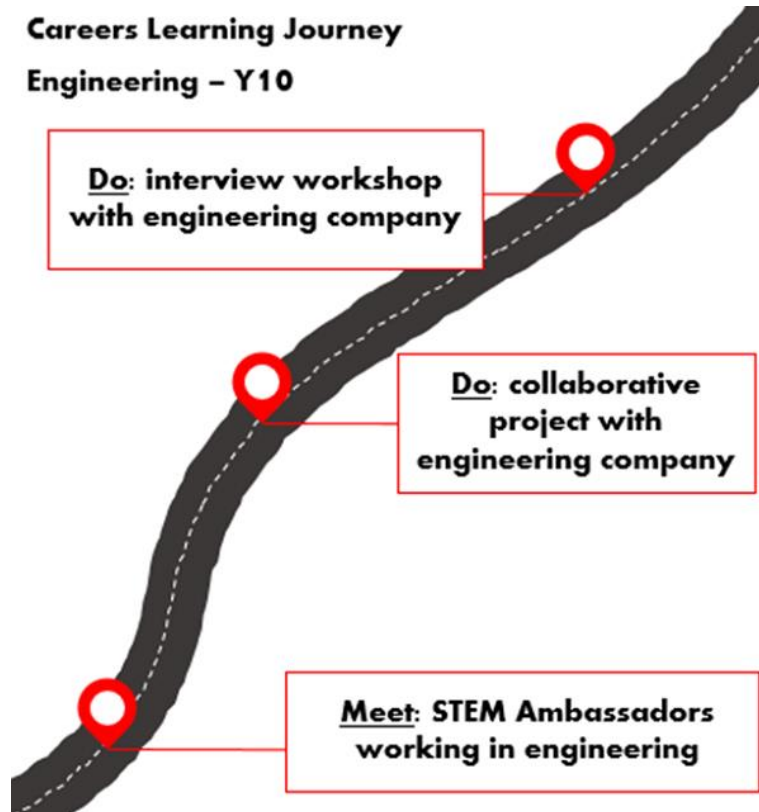

My careers learning journey

Computing, Year 9, Term 1

- Join: Robot club
- Research: Qualifications that I can study with Computing
- Do: Coding competition
- Meet: Apprentices who work with robotics
- Listen: To careers talk on computing
- Meet: STEM Ambassadors working in computing
- Research: Careers linked to computing

Engineering Year 10

This Careers Learning Journey is a light touch representation of engagement with employers over time.

- Meet: STEM Ambassadors working in engineering
- Do: Collaborative project with engineering company
- Do: Interview workshop with engineering company
