Week 3: Evaluating the student experience

Ways of measuring Student Experience: Student evaluation surveys

Australian Universities. (2017). [Australian university rankings](#). Sydney: Author.

Good Education Group. (2017). [The good universities guide](#). Sydney: Author.

Universities Australia. (2016). [Student satisfaction remains at record high](#). Sydney: Author.

Some examples of the range of student surveys currently in use include:

CATEI	Course and Teaching Evaluation and Improvement (specific to UNSW). This survey is being replaced with the myExperience survey.
myExperience survey	Newly developed online survey specific to UNSW. There are two sets of questions – course questions and teacher questions.
AUSSE	Australasian Survey of Student Engagement - focuses on student engagement with their learning by incorporating the Student Engagement Questionnaire (SEQ). Has been used in nearly all Australian universities. The postgraduate version is the POSSE - Postgraduate Survey of Student Engagement. The SSEQ - Staff Student Engagement Questionnaire, measure all of these areas from a staff perspective.
SES	Student Experience Survey (formerly called the University Experience Survey - UES) and GOS, Graduate Outcomes Survey Surveys undergraduate students across Australia.
QILT	Quality Indicators for Learning and Teaching
NSS	National Student Survey UK

PRES/PTES	Postgraduate Research/Taught Experience Survey UK
ISB	International Student Barometer
