

NE714 Feedback for learning

Template student survey

The questionnaire below can be used to ask your students for their views about how they feel about the changes you have made in your teaching and its impact on them. You will need to adapt the questions to take account of:

- The age of your pupils
- The subject you teach
- The context in which you want to issue the questionnaire
- The ideas you have implemented

Example questions

How often does your teacher share information about the learning goal/success criteria?

- A. Lots
- B. Sometimes
- C. A little
- D. Not at all

How often does the teacher ask questions that challenge you and make you think about how you can improve?

- A. Lots
- B. Sometimes
- C. A little
- D. Not at all

How often do you feel included in developing ideas for how to take action and improve your work?

- A. Lots
- B. Sometimes
- C. A little
- D. Not at all

Did you notice [specific approach] I have been using in your lessons?

Yes No Not sure

Did this approach help you to learn?

Yes No Not sure

Are you clear on my expectations about what you can achieve?

Yes No Not sure

Which of the following have you found useful in helping you learn?

[list the different ideas you have been trying out for your students to circle]

Complete the following sentence:

Feedback in [subject] would be better if...
